Short info:

«**LADIES AND GENTLEMEN, THE SWISS REGGAE PHENOMENON IS BACK!**» With over 200 shows in Switzerland so far, including almost every big festival at home and abroad (Gampel, St. Gallen, Frauenfeld, Heitere, Summerjam, Cheimsee, Rototom Sunsplash etc.), as well as concerts with **YOUSOU N'DOUR, TIKEN JAH FAKOLY, SEED, GENTLEMAN** and **ZIGGY MARLEY**, **FAMARA** is one of the most active and successful Swiss-Reggae acts!

After a long creative break, his last album «**Double Culture**» (number 67 in the Swiss album-charts) was released in 2005, the sensitive Reggae „bird of paradise“ has returned with his **fifth album «OREBA»**. As the name of the album suggests, (Oreba means magical) **FAMARA** deals with the topic of Gods from the Voodoo religion, which can be heard in songs like «**Nana Buruku**» or «**Sango Fever**». However, in songs such as, «**Acceptez-moi**», a classic with hit potential, other critical topics such as **Acknowledgement** and **Acceptance** are looked at, especially because as a «**white man with an African heart**» he finds he has to deal with these issues. It's also relevant due to the fact that we are now living in times of **INTEGRATION** and the **MIXING OF CULTURES**.

The new album was recorded, played, arranged and mixed by the well-known formation from Basel, **THE SCRUCIALISTS**. The collaboration, which was done in their own studio, «**ONE DROP**», has led to an **earthier, more authentic** Reggae, **enriched** by Famara's **refreshing world music**. One can get the opportunity to convince themselves of this on his current «**OREBA-TOUR 2008**» on which he is supported by **SCENTY**, the backing band. One highlight of the tour will be the performance at the **AFRO-PFINGSTEN FESTIVAL** with **ALPHA BLONDY & ISRAEL VIBRATION** in **Winterthur** on **09.05.08**.
